NOTES:

Pricing effective September 1, 2015. Current feature sets are subject to enhancements. Future incremental Modules and Feature sets may be priced separately. Pricing to be based on the number of booths planned and executed for the event, whichever is greater. The attached bracketed pricing is based on implementing the complete current set of modules/features of the platform. Customized pricing for any other variation and/or combination is available upon request.

Turn your **food show event** into an **integrated business building experience.**
