

VALUGARDS NITRILE GLOVES

VALUGARDS NITRILE GLOVES

Our NEW VALUGARDS Purple Nitrile Disposable gloves are an excellent LATEX free alternative for jobs where a tight fitting, durable glove with great touch sensitivity is needed. Nitrile gloves provide superior resistance to punctures and tearing and last longer in certain vegetable oils and animal fats. This results in time and money savings when an operator is working with meat, such as BBQ preparation, as the Nitrile glove is more durable and will last longer than other disposable glove options. The unique purple color is an added benefit for identification if any piece is broken off during prep times.

VALUGARDS Purple PF Nitrile Gloves

- Offers the same elasticity and performance as latex gloves
- Non-allergic, non-irritating, and non-toxic
- Unique PURPLE color nitrile gloves
- Perfect for general food service applications and light janitorial work
